PROGRAM HIGHLIGHTS

Medical Camping Track

Offered for the last several years, we are continuing to build programming for the medical camping community. Medical camping programs serve children and families experiencing serious and chronic illness. Multiple breakouts will be offered throughout the conference. Although these sessions are targeted to those working with medical camping programs, all attendees are encouraged and welcome to participate.

Camps on Campus and K-12 Independent Schools

Do you manage compliance issues for minors and/or camps taking places on college or university campuses? Have camp programs taking place at K-12 Independent Schools? While almost all sessions offered have some applicability to camps taking place at institutions, we've highlighted several sessions we think will be of great interest to you. Check out highlights at ACAamps.org/campus

Camp Includes Me

The goal of Camp Includes Me is to create a space where we can increase our competence around issues of Inclusion, Fusion, and Cross-Cultural Agility. Join the conversation as we move beyond "representational diversity" and integrate true "inclusion" and excellence by bringing together various world views, research, experiences and subject matter experts. "Fusion" takes place as we exchange our ideas, adding and contributing to one another.

Executive Leadership Forum

This track of high-level breakout sessions is designed for seasoned professionals who have executive leadership responsibilities within their organizations. Sessions run throughout the conference and provide cutting-edge information on social enterprise, leadership, innovation, strategic planning, executing your strategy, board development, fundraising, emerging ideas in workforce development, finance, and managing organizational change. Sessions in this track are presented by experienced, knowledgeable experts who are passionate about the transformational power of the camp experience.
